## NOTES D'INFORMATION

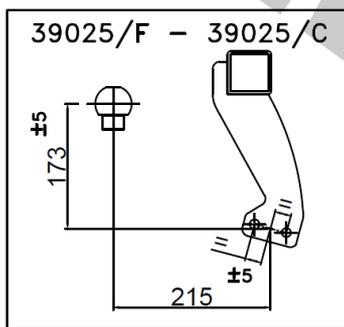

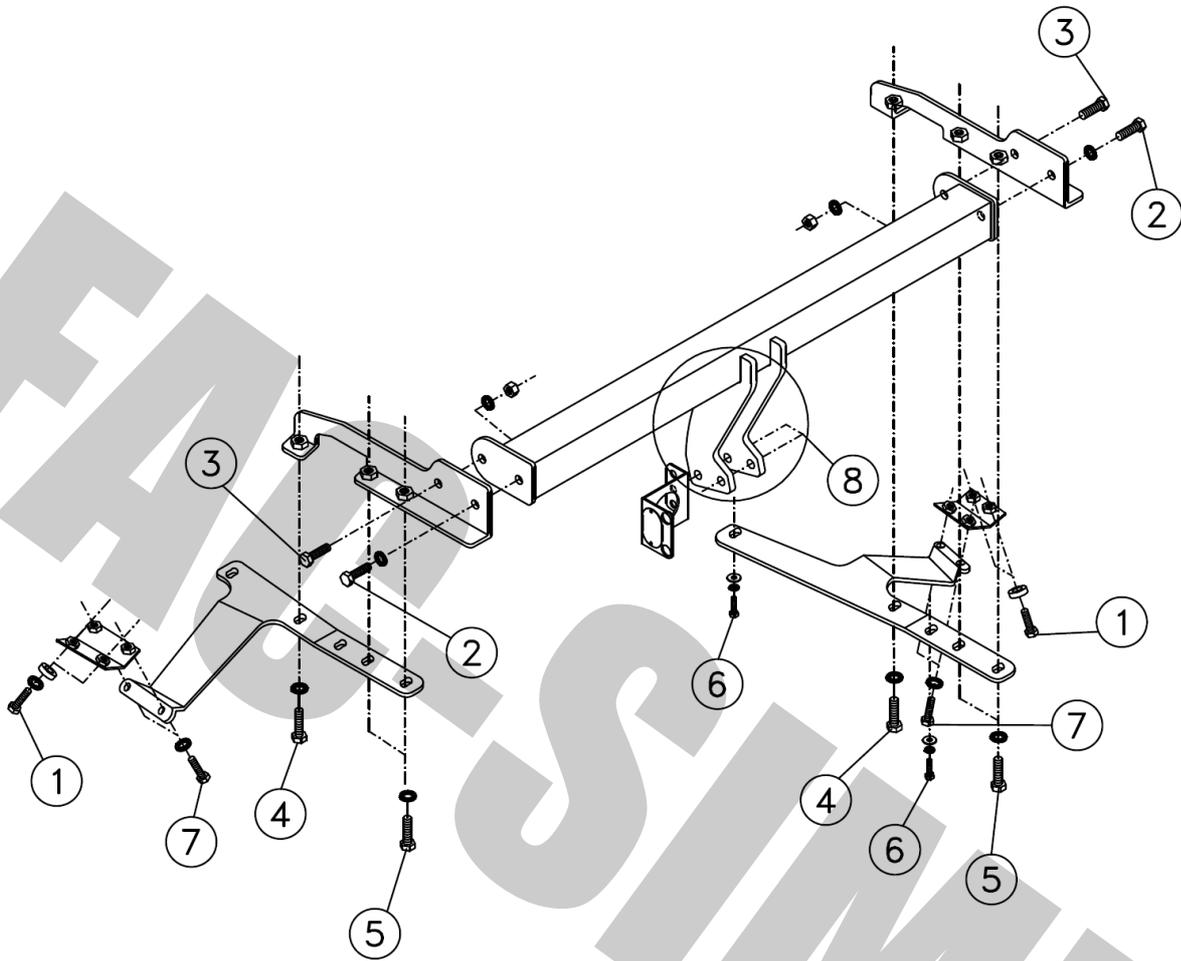

- ◆ Avant l'installation assurez-vous que le crochet d'attelage soit compatible avec véhicule sur lequel il doit être installé; vérifiez que le type d'attelage et l'extension ou le type de véhicule, indiqués dans la carte grise, soit présent dans le document du crochet d'attelage. Dans le cas contraire, vous pouvez nous contacter à l'adresse mail suivante: [umbrarimorchi@umbrarimorchi.it](mailto:umbrarimorchi@umbrarimorchi.it) pour plus d'informations ou pour demander des documents mis à jour.
- ◆ Le crochet d'attelage est un élément de sécurité et doit pour cela être installé uniquement par du personnel qualifié.
- ◆ Les éléments endommagés ou usagés doivent être remplacés seulement par du personnel qualifié.
- ◆ Il est interdit d'effectuer toutes modifications significatives ou réparations sur la structure de l'attelage.

## UTILISATION ET ENTRETIEN

- ◆ La boule de l'attelage doit être propre et lubrifiée. Pour plus de sécurité, contrôler périodiquement le diamètre de la boule: si ce dernier est de 49 mm en plusieurs points, le crochet d'attelage ne pourra plus être utilisé jusqu'au remplacement de la boule.
- ◆ Après 1000 km de tractage toute la boulonnerie de l'attelage doit être contrôlée en vérifiant le couple de serrage selon le tableau ci-joint.
